General Safety Instruction For Typhoon Twist

- Please stand in the 'Q'.
- Do follow the sliding instructions given by the attendants.
- Do not wear spectacles/eyeglasses while sliding.
- Do not enter the slide running, jumping or diving. Take a smooth push off.
- Do not use abusive language with attendant or anybody else.
- You are advised to wear costumes available at park.
- Do not grip the slide. Do not try to catch the edge of the slide.
- Do not wear any loose clothing, Jewellery, watches, necklace, ornaments and rings while using the slides. This may cause loss or injury to you.
- Please slide in the correct position as instructed by the attendant.
- Do not try to stand on the slide.
- Once into exit of slide, shift to a safe place and give way to others.
- Do not touch any electrical fittings.
- Do not play monkey tricks.
- All long hair should be tied properly.
- In case you stop in between, do not attempt to come back to the top but carefully move forward towards the end of the slide by crawling on gentle slopes and sliding on steeper slopes.
- Person having any medical history such as heart attack, blood pressure, pregnancy etc. should use the slides under medical supervision only. Please consult your doctor before using the ride.
- Under no circumstances should any one slide under the influence of alcohol or any mind altering substance.
- Failure to obey the above rules can cause serious injury to you and other guest.
- Management reserves the right to refuse anybody to use the ride.
- Please note that you are sliding at your own risk.
